Summary

As a Senior Software Engineer at Capgemini, I bring over 2 years of specialized experience in low-code development, focusing primarily on the Outsystems platform. My journey in software engineering has been driven by a passion for creating scalable, efficient, and innovative solutions that align with business needs.

During my tenure at Capgemini, I have been involved in multiple high-impact projects where I've leveraged Outsystems to accelerate digital transformation initiatives.

Education

Symbiosis Center For Distance Learning , PGDBA in Operations Management	Aug 2019 – Aug 2021
University Of Pune , BE in Mechanical Engineering	July 2016 – July 2019
MSBTE , Diploma in Mechanical Engineering	Aug 2013 – Aug 2016

Experience

Senior Software Analyst, Capgemini March 2022 – Ongoing

- Certified Associate Reactive Developer and proficient in developing reactive web applications using OutSystems.
